

“HOW TO SAVE IMAGES FROM WHATSAPP TO DRIVE C ON YOUR LAPTOP”

Name : - Ahmad Farhan
- Aldin Nur’aedin

Prepare :

1. Laptop
2. SmartPhone
3. WhatsApp
4. Browser / Google

Step :

First : Prepare the photo you want to save from WhatsApp to your laptop. Make sure you have the photo you want to save from WhatsApp on your computer.

Second : Install WhatsApp Application on Your Smartphone

- Download and install the WhatsApp application from the app store on your smartphone if you haven't already.

Next, access WhatsApp and register your number : Open the WhatsApp application on your smartphone.

- Register your phone number to initiate a conversation on WhatsApp.

After That, Create a WhatsApp Group and Invite Your WhatsApp Friends :

- Create a new WhatsApp group and invite your friends so they can view the beautiful photo you want to share.

Then, Send the Photo to the Created Group : Send the photo you want to save to the group you created.

Next Step : Open WhatsApp Settings and Find "Linked Devices"

- In the WhatsApp application, go to settings and locate the option "Linked Devices."

Then, Access Your Laptop and Connect to the Internet: Open your laptop and connect it to the internet.

- Once connected, open File Manager and navigate to Drive C.

After connecting to the internet, open the file manager on your laptop and navigate to Drive C. Create a new folder named "IMAGES."

Next, Use a Web Browser (for example, Firefox): Launch your preferred web browser, such as Firefox.

Access WhatsApp Web : Type "web.whatsapp.com" in the browser's address bar to open WhatsApp Web on your laptop.

Scan the QR code from the WhatsApp application : In the WhatsApp application on your smartphone, find the "Linked Devices" option and scan the QR code displayed on your laptop screen.

Access WhatsApp on the Web Browser : Once you successfully scan the QR code, you will see the WhatsApp interface on your laptop's web browser.

Next, Open the Created Group: Click on the group you created on WhatsApp Web.

Access the Photo You Want to Save : Click on the "Images" folder and find the photo you want to save.

Save the Photo: Right-click on the photo you want to save, then select "Save Image As."

Choose the "IMAGES" folder you created: Navigate to the "IMAGES" folder you created on Drive C.

Click "Save" or "Enter": Click "Save" or "Enter" to save the photo in the "IMAGES" folder.

Finally, open the "IMAGES" folder and view the downloaded photo : Lastly, open the "IMAGES" folder on your computer and click on the downloaded photo.
